

# TRAINING PLAN

Session II

11-15.12.2023

## MECHANICAL GROUP

Day	Hour	Topic	Expert
<b>e-learning</b>			
online	8 h	Quality assurance and quality control requirements of subcontracting companies (6h)	Łukasiewicz-GIT
		Safety/security, occupational health and safety, and the basics of nuclear power (2h)	Łukasiewicz-GIT

### Hotel in Warsaw

### Room 3

11 Dec Monday	8:00-8:30	coffee break	
	8:30-10:30 (2h)	Requirements for the fabrication and assembly of metal components during the construction of AP1000 (Tier 3): vessels, piping, valves, pumps	WESTINGHOUSE BECHTEL
	10:30 - 11:00	coffee break	
	11:00- 13:00 (2 h)	Quality assurance and control acc. to NQA-1	WESTINGHOUSE
	13:00-14:00	lunch	
	14:00-16:00 (2 h)	Requirements for the fabrication and assembly of metal components during the construction of AP1000 (Tier 3): piping, HVAC, vessels	WESTINGHOUSE BECHTEL

### Room 3

12 Dec Tuesday	8:00-8:30	coffee break	
	8:30-10:30 (2h)	Requirements for the fabrication and assembly of metal components during the construction of AP1000 (Tier 3): containmet, moduls, shielding, pools	WESTINGHOUSE BECHTEL
	10:30 - 11:00	coffee break	
	11:00- 13:00 (2 h)	Quality assurance and control acc. to NQA-1	WESTINGHOUSE
	13:00-14:00	lunch	
	14:00-17:00 (3 h)	Production and assembly of metal components in the nuclear sector based on experience of domestic companies	ECOL ROCKFIN

### Room 3

<b>13 Dec Wednesday</b>	<b>8:00-8:30</b>	coffee break	
	<b>8:30-10:30 (2h)</b>	Business perspective for Polish companies during the construction of AP1000	<b>WESTINGHOUSE BECHTEL</b>
	<b>10:30 - 11:00</b>	coffee break	
	<b>11:00- 13:00 (2 h)</b>	Requirements for the fabrication and assembly of metal components during the construction of AP1000 (Tier 3): civil works	<b>WESTINGHOUSE BECHTEL</b>
	<b>13:00-14:00</b>	lunch	
	<b>14:00-16:00 (2 h)</b>	Requirements for the fabrication and assembly of metal components during the construction of AP1000 (Tier 3) + Quality assurance	<b>WESTINGHOUSE BECHTEL</b>

### Room 3

<b>14 Dec Thursday</b>	<b>8:00-8:30</b>	coffee break	
	<b>8:30-10:30 (2h)</b>	Production, assembly and supply chain of metal components during the construction of EPR and in repair and modernization projects of nuclear facilities (Tier 1-2 and 3)	<b>EDF</b>
	<b>10:30 - 11:00</b>	coffee break	
	<b>11:00- 13:00 (2 h)</b>	Quality assurance and control acc. to ISO 19443	<b>AFCEN</b>
	<b>13:00-14:00</b>	lunch	
	<b>14:00-17:00 (3 h)</b>	Business perspective for Polish companies during the construction of EPR	<b>EDF</b>

### Room 3

<b>15 Dec Friday</b>	<b>8:00-8:30</b>	coffee break	
	<b>8:30-10:30 (2h)</b>	Requirements for the fabrication and assembly of metal components during the construction of EPR (Tier 3): civil works, HVAC + quality acc. to RCC-M, RCC-CW, ISO 9001, ISO 19443 (vessels, piping, valves, pumps)	<b>AFCEN</b>
	<b>10:30 - 11:00</b>	coffee break	
	<b>11:00- 13:00 (2 h)</b>	Safety/security, health and safety and the basics of nuclear energy generation (2h)	<b>JENSEN HUGHES</b>
	<b>13:00-14:00</b>	lunch	
	<b>14:00-16:00 (2 h)</b>	Business perspective for Polish companies during the construction of APR1400	<b>KHNP</b>
	<b>16:00-18:00 (2h)</b>	<b>TEST ON-LINE</b>
